Defining the “New Normal” in Ship Finance

Where are we now? Is there a new “Normal” – have we reached it yet?

What are our industry’s biggest obstacles?

What do you worry about most for 2013/2014?

What are you most “excited about” for 2013/2014
Defining the “New Normal” in Ship Finance

- How much more restructuring to go? Should zombie companies be allowed to survive?
- The role of private equity – the relationship with debt
- Diversification of funding issues – helpful? A good sign?
- What new deals will we see?
